

## Editorial Preface

We would like to present, with great pleasure, the inaugural volume of a new scholarly journal, Advanced Review on Scientific Research. This journal offers critical reviews spanning the interdisciplinary field of applied researches. Scope of the journal includes: biology, chemistry, physics, environmental, business and economics, finance, mathematics and statistics, geology, engineering, computer science, social sciences, natural and technological sciences, linguistics, medicine, and architecture.

Advanced Review on Scientific Research focuses on original high-quality review and so to provide a platform for researchers, engineers, academicians as well as industrial professionals from all over the world to present their summary of current research in the gamut of applied science.

It is our hope that this fine collection of review will be a valuable resource for Advanced Review on Scientific Research readers and will stimulate further research into the wide area of applied science.
